

Radio Installation West of Staaken Airfield

Legend:

- 1 Radio mast braced at the top by eight guy wires and at two other points by four guy wires each.
- 2 Wooden shed, about 5 x 6 meters, in which a van-like truck is parked.
- 3 Wooden hut, about 6 x 10 meters.
- 4 Rubber cable, about 10 to 15 mm in diameter. The cable leads to a mast of the power transmission line.
- 5 Twin line.
